

April 19, 2020

To Whom it May Concern,

This letter is a recommendation **for Emma Newell. Emma has served as an intern for the OSU Leadership Center since September of 2019. In her role as intern, Emma is in charge of the social media and marketing for the Center.**

Emma is very responsible and not only completes her work on time, she goes above and beyond. In addition to her regular intern duties Emma was asked to create a social and email marketing plan for the Leadership Center's Leadership during COVID-19 webinar series. Due to her efforts, we have had over 300 people register for upcoming webinars, with an average of 25 additional people registering each day.

I have always known Emma to be dedicated, and a hard worker. In addition, she is independent and can work with little supervision. She had many leadership abilities and is kind and caring. I wish that the OSU Leadership Center could have her as an intern for many more years. Wherever she lands in life, she will be successful. I am proud to know her.

Based on our experience together, I can confidently recommend Emma.

Sincerely,

Beth Flynn
